EDUCATION

Master of Science Eng.

University of Life Sciences
Poland, Lublin
Biotechnology
2016 - 2021

A2B Hobro

Danish language school
2025 - 2026

Programming School

An intensive, multi-stage software engineering program focused on computer science fundamentals, algorithm design, and professional application

SKILLS

- C++
- PHP 8.x (MVC architecture, PDO, Security/SQL Injection prevention), CRUD operations
- HTML5/CSS3, JavaScript (ES6+), Chart.js for data visualization.
- GIT, GitHub

ABOUT ME

MSc Eng. in Biotechnology graduate **transitioning** into Software Development, based in Denmark. I combine a **strong engineering background** with practical experience in C++ and PHP 8.x. Focused on writing **clean, secure code** and implementing MVC architecture, I am eager to apply my **problem-solving skills** and **technical expertise** to a Developer role.

INDEPENDENT SOFTWARE DEVELOPMENT & OPEN SOURCE PROJECTS

BudgetApp – Personal Financial Management Web App

- **Role:** Independent Full-Stack Developer
- **Stack:** PHP 8.x, MySQL, JavaScript (ES6+), MVC, Git, Bootstrap
- **Key Responsibilities & Achievements:**
 - Designed and implemented a web application for **dynamic transaction** management (**CRUD**).
 - Integrated the application with a **MySQL relational database**.
 - Implemented **dynamic charts** using the **Chart.js library** to provide a **clear visualization** of the user's financial indicators.
 - Developed the codebase using **MVC** architecture and **PDO** to prevent **SQL injection** attacks.

Address Book – Object-Oriented C++ Console App

- **Role:** Independent C++ Developer
- **Stack:** C++, Object-Oriented Programming (OOP), File I/O, Git
- **Key Responsibilities & Achievements:**
 - Designed a **modular OOP** console application with a clean separation of concerns.
 - Developed dedicated manager classes to handle data operations and **text-file interactions**.
 - Integrated persistent storage **using File I/O to save, read, and update** contact credentials.
 - **Structured** the **codebase** into separate header (.h) and source (.cpp) files.

SOFT SKILLS

- Analytical Thinking
- Willingness to Learn
- Clear Communication
- Problem-Solving

LANGUAGES

- Polish
- English
- Danish

Personal Portfolio Website

- **Role:** Frontend Developer
- **Stack:** HTML5, CSS3, Bootstrap, JavaScript (ES6+), GitHub Pages
- **Key Responsibilities & Achievements:**
 - Developed a **fully responsive** personal portfolio website using Bootstrap to ensure flawless layout scaling across all device sizes (**RWD**).
 - Created a custom, clean interface designed to showcase software projects and facilitate seamless CV downloads.
 - Enhanced user experience with **interactive components** and **smooth visual transitions** using Bootstrap utilities and CSS3.
 - **Deployed** and **hosted** the production-ready website live via GitHub Pages.

Interactive Simon Game Web App

- **Role:** Frontend Developer
- **Stack:** JavaScript (ES6+), HTML5, CSS3, Git
- **Key Responsibilities & Achievements:**
 - Developed a web-based Simon Game featuring **complete, dynamic game logic** built with **vanilla JavaScript**.
 - Implemented advanced event handling and **DOM** manipulation to track **user interactions** and validate click sequences.
 - Created **algorithmic patterns** to **generate random** color sequences and manage **changing game states** (levels, game over).
 - Integrated synchronized CSS transitions and **audio feedback** and **visual effects** to provide an engaging and responsive user experience.

DEVELOPER TOOLS

- **Version Control:** Git, GitHub
- **IDEs & Code Editors:** Visual Studio Code (VS Code), Code::Blocks
- **Database & Server Management:** XAMPP / Apache, phpMyAdmin, MySQL Workbench, SQL database management in production environments.
- **Deployment & Hosting:** GitHub Pages, one.com (Web hosting, SSL configuration, and database deployment).
- **Frontend Utilities:** Chrome DevTools

ADDITIONAL PROFESSIONAL EXPERIENCE

Production Assistant & Vendor Relations | Vebbestrup Flødeis – Sdr Truevej 1, 9500 Hobro | September 2024 – Present

- Promoted to operational support following high performance and reliability in production.
- Managed supplier communication and material sourcing to ensure production efficiency.
- Maintained high standards of teamwork and adaptability within a fast-paced, intercultural environment.

Cleaning Operative | Daliri Rengøring APs | Brogade 67, A st, 9500 Hobro | April 2024 – September 2024

- Ensured high standards of cleanliness and professional service through consistent attention to detail.
- Transitioned to a client-side role (Vebbestrup Flødeis) based on exceptional performance and a proactive attitude.
